SUBWOOFER Y-RCA CABLE

NF Y-SUB

Preassembled Y-subwoofer cable for connecting active subwoofers to home-cinema systems! Just the thing for connecting active subwoofers (stereo input) to AV receivers (mono output). The inner conductor's large diameter and the coaxial design mean that this Oehlbach cable is particularly suitable for the transmission of low frequencies. The inner conductor made from oxygen-free OFC copper also guarantees absolutely precise and powerful bass reproduction. The effective copper-braid shielding eliminates any occurring signal interference and guarantees perfect transmission quality. Absolute signal stability is also guaranteed by the solid plugs that are responsible for creating the optimum contact on this highly flexible cable.

Connector material	solid metal plug
Bending radius	30 mm
Inner conductor material	OFC - oxygen-free copper
cable geometry	Round
Shielding	Multiple shielding
Features	24kt gold plated contacts , 30 years warranty, German Technology
cable material	plastic, Robust plastic sheathing
Cable diameter	2 x 5 mm
