Oehlbach® i-Connect audio cable  
**MP3/hi-fi connection**

Recommended by av-magazin 11/2011

## Tip: i-Connect audio cable

If you want to connect your MP3 player to a hi-fi system, the i-Connect series adapter cable from Oehlbach is the perfect solution. Two solid RCA connectors with gold-plated contact surfaces can be plugged into home cinema and stereo amplifiers. At the other end of the flexible soft rubber cable is a stable mother of pearl coloured mini-jack. The high-quality materials and outstanding workmanship of the i-Connect adapter cable provides maximum transmission integrity and sound quality.

Brand: Oehlbach  
Model: i-Connect (1 x mini-jack to 2 x RCA)  
Features: Metal connectors, gold-plated plug contacts (24 carat)  
High-quality cable shielding  
Lengths: 1,5 | 3,0 | 5,0 metre
