DIGITAL SATELLITE CABLE

ANTENNA LINK F

Simply get more quality for picture and sound for satellite TV, some cable connections or your Internet router with this Oehlbach Select Antenna Link F cable. A multiple shielding of aluminium foil and copper braiding around a high-quality OFC conductor reliably protects your entertainment from all external influences, interference and signal contamination. At its ends, this cable then finds a safe and quick connection with two F-connectors in the well-known Oehlbach quality. 24 carat gold-plated solid metal with 100 percent contact surface finally gives the Oehlbach Select Antenna Link F cable the optimal finish for the finest entertainment experiences in your home.
