AUDIO RCA CABLE

AUDIO LINK

An audio RCA cable is one of the classics in home entertainment and still has countless applications today. The cable has remained basically the same for decades, but expectations of its sound quality have risen significantly. To meet these high expectations for precise, clean sound, we developed the Oehlbach Select Audio Link cable with two RCA plugs to two RCA plugs - including 24-carat gold-plated connectors made of full metal with 100 percent contact surface and high-quality cable material. This creates the lowest possible resistance during signal transmission and thus the prerequisite for optimum audio quality and a sound image that will open your ears.
