CAT6 NETWORK CABLE

HI STREAM

The HI Stream CAT 6 network cable from Oehlbach is the number one choice for lightning fast and absolutely error-free audio/video transmission in a home network. The highly flexible cable with triple shielding and an internal OFC conductor guarantees loss-free data throughput over distances up to 20 m. The HI Stream is equipped with gold-plated contacts for perfect contact reliability and transmission stability, while PVC sheathing ensures that the network cable is extremely tough.
