

HIGH-SPEED HDMI® CABLE, HA-LOGEN-FREE HIGH SPEED MP

MSRP (19%): 26.50

Top-class HDMI® cable made from highly pure HPOCC copper. A special clearly recognizable OEHLBACH colour code for the inner conductors and diameters adapted to the ProIn HDMI® plugs now for the first time make the self-assembly of these cables easy – HDMI® cables can now at last be easily run through empty conduits. A dense shielding made from oxygen-free copper reliably blocks out external interference. The currently highest possible resolution of 1080p may be realized at distances of up to 15 m. This means that the cable can help solve the problems that arise in many home-cinema installations.

HDMI

SIGNAL DIRECTION

packaging size	375mm / 380mm / 200mm
Ladder construction	5 Paare, 1 x 0,5 mm
Bending radius	53 mm mm
Colour	Blue
Weight (net)	96 g
Inner conductor material	HPOCC® – mono-crystalline oxygen-free copper inner conductor
Shielding	triple shielding
Shielding construction	2 x aluminium foil + 1 x copper braiding
AWG	24 AWG
cable length	50 m

item no.	Length	Color	EAN	MSRP (19%)
8002	50 m	Blue	4003635080023	26.50 €

Item No. 8002
