# HIGH-SPEED HDMI® CABLE WITH ETHERNET

## HIGHSPEED XT-SL

The Highspeed XT SL not only ensures simple integration of various AV components in a home cinema setup, but also a high quality and flawless transmission of digital signals. This is guaranteed by the silver-plated, oxygen-free copper inner conductor and the solid metal connectors with their 24-carat gold-plated contacts. This triple shielded, rugged cable is suitable for resolutions up to Ultra HD and also supports 3D signals, high-resolution audio formats and the HDMI CEC standard.
