FOAM CLEANER AND MICROFIBRE CLOTH

LSC-150

MSRP (19%): 19.99

The LSC-150 foam cleaner from Oehlbach, which is applied via a high-yield nozzle, does not use any propellant gas and is readily biodegradable, yet still ensures perfect care for smooth surfaces in the hifi and home cinema sector. Dust, dirt and fingerprints do not stand a chance and are easily and effectively removed by the alcohol-free cleaning agent. The supplied lint-free and anti-static cleaning cloth is an ideal complement to the high yield liquid for ensuring a streak-free cleaning result. The Oehlbach cleaning set is perfect for LCD and OLED TVs, TFT monitors and glass surfaces alike.
