DIGITAL COAXIAL CABLE

NF 13 MKII

MSRP (19%): 19.99

First-class digital-electrical audio cable with coaxial design for cabling high-quality HiFi or home cinema systems!
 Due to a constant characteristic impedance of 75 ohms and the high-quality inner conductor made of silver-plated copper (SPC), this Oehlbach cable ensures particularly stable and true-to-life digital signal transmission.
 Due to the robust and flexible outer jacket, this cable can be used universally and at the same time guarantees a long service life.

Packaging size	200mm / 220mm / 220mm
Weight (net)	85 g
