DIGITAL AUDIO CABLE - RCA

NF 13 MK II

First-class digital electric audio RCA cable with coaxial design for cabling high-quality HiFi or home cinema systems!

Due to a constant characteristic impedance of 75 ohms and the high-quality inner conductor made of silver-plated copper (SPC), this Oehlbach cable ensures a particularly stable and true-to-life digital signal transmission.

A 24-carat gold-plated metal RCA plug ensures perfect contact reliability and good haptics.

Due to the robust and flexible outer jacket, this cable can be used universally and at the same time guarantees a long service life.

cable material	Robust plastic sheathing, plastic
Connector material	solid metal plug
Characteristic impedance	Eliminates high-frequency irradiation
Inner conductor material	SPC/OFC - silver-plated oxygen-free copper
cable geometry	Round
Shielding	triple shielding
Shielding construction	1 x aluminium foil + 1 x copper braiding
Features	Reliable contact, 30 years warranty, 24kt gold plated contacts
