## SUBWOOFER CINCH CABLE

### NF SUB

Preassembled subwoofer cable for connecting active subwoofers to home-cinema systems! Just the thing for connecting active subwoofers to AV receivers. The inner conductor's large diameter and the coaxial design mean that this Oehlbach cable is particularly suitable for the transmission of low frequencies. The inner conductor made from oxygen-free OFC copper also guarantees absolutely precise and powerful bass reproduction. The effective copper-braid shielding eliminates any occurring signal interference and guarantees perfect transmission quality. The subwoofer cable is extremely flexible in spite of its being very robust and also comes with solid plugs that are responsible for creating the optimum contact.

**FLEXIBLE MOUNTING**

**MULTIPLE SHIELDING**

**SPFC OXYGEN-FREE COPPER**

**24ct GOLD**

**100% CONTACT**

**GERMAN TECHNOLOGY**

**30 YEAR GUARANTEE**

Bending radius	45 mm
Inner conductor material	SPC/OFC - silver-plated oxygen-free copper
cable geometry	Round
Shielding	Multiple shielding
Features	24kt gold plated contacts , 30 years warranty, Reliable contact, German Technology
cable material	Ultra-thin individual wires, Robust plastic sheathing
Cable diameter	7,0 mm
