

## DIGITAL OPTICAL CABLE, HALOGEN-FREE OPTO MP

**MSRP (19%): 4.79 €**

Optical cables are first choice – particularly over greater distances – when digital audio signals are to be perfectly protected from electromagnetic interference. They may also be used, for example, in damp rooms thanks to the fact that they do not corrode and that they may be used throughout a large temperature bandwidth. Their very small bending radius of just 24 mm means that ProIn Opto cables are also great for confined spaces.

Packaging size	375mm / 200mm / 380mm
Ladder construction	1 x 1,0 mm, 1
cable material	plastic, incl. power supply
Bending radius	24 mm mm
Colour	Blue
Weight (net)	17 g
Scope of delivery	Digital-optical cable, info brochure

item no.	Length	Color	EAN	MSRP (19%)
8030	150 m	Blue	4003635080306	4.79 €

Item No. 8030
