POWER SOCKET 505 - REFURBISHED

MSRP (19%): 59.99

Note: This product is certified B-goods. The goods have been inspected and are in a technically perfect condition. Visual defects on the packaging or on the product itself (scratches, discoloration) can not be excluded and do not constitute grounds for complaint. Of course, your right of withdrawal remains unaffected.

On all refurbished items you get full warranty of 2 years.

The Oehlbach Powersocket 505 is a high-quality processed multiple socket strip with a solid aluminum housing. With the help of the 1.5m long power cable included and the total of six individual slots, numerous devices at the central entertainment location can be supplied with power in a stable and secure manner. Thanks to the compact design, the installation of the bar is flexible and unproblematic. The protective contact sockets, which are equipped with a child safety lock, are also arranged at a 45° angle for easy plugging and unplugging. For multimedia devices, smartphones and tablets, the Powersocket 505 also offers two USB charging sockets integrated into the side with a total charging current of up to 2.4 amps. The power strip is switched on and off via an illuminated safety switch.
