POWER SUPPLY CABLE

POWERCORD

WITH C15 AND CEE7/7 PLUG

The Oehlbach XXL® Powercord high-end mains cable guarantees absolutely stable power supply without any external interference. The HPOCC inner conductors have a generous 4 mm² cable diameter as well as 2-fold OFC copper braiding and aluminium foil shielding. Thanks to the fabric sheathing, the power cable is perfectly protected and is also very flexible. The Schuko plug and the heating appliance socket are fitted with 24 carat gold-plated contacts to guarantee absolute signal and contact stability at all times.
