

## MULTIPLE SOCKET STRIP

### POWERSOCKET 905 REFURBISHED

The Oehlbach Powersocket 905 is a multiple socket strip with absolutely high-quality workmanship that meets even the most demanding home audio and home video requirements. This power strip has a total of eight individual sockets that can be switched on or off via a power switch. In addition, the Powersocket 905 offers the possibility to charge multimedia devices, such as MP3 players or tablet PCs, via two USB sockets. The two USB sockets are also controlled via the power switch. Thanks to the well-dimensioned cable cross-section of the internal wiring (2.1 mm<sup>2</sup>), a stable power supply - even for components with high power requirements - is always guaranteed.

A power cable is included in the scope of delivery.
