

INDOOR ANTENNA FOR DVB-T2 / DAB+

SCOPE VISION

Oehlbach Scope Vision - The test winner: The Oehlbach Scope Vision is a compact indoor antenna that offers outstanding DVB-T2 HD reception. This is proven by numerous user reviews and tests in the trade press - including a test win at Stiftung Warentest. Here, the Scope Vision held its own against 13 other models on the winner's podium. The stylish DVB-T2 HD antenna works with any external DVB-T2 HD receiver or TV with a built-in DVB-T2 tuner.

Stiftung Warentest judges: Test victory with the grade „very good“ (1.1) Stiftung Warentest comes to a clear verdict with regard to the Oehlbach Scope Vision: „The winning antenna Oehlbach Scope Vision provides viewing pleasure. It offers very good reception and is effortless to set up and align.“ In addition to the test victory and the excellent rating of 1.1 - very good, the DVB-T2 HD antenna from Oehlbach also secures top marks in the respective subcategories (reception, handling, processing) in the 2/2017 issue.

Excellent reception in proven Oehlbach quality

With the Oehlbach Scope Vision, the best reception via indoor antenna is guaranteed: The extremely low-noise receiving section conjures up a clear picture even from weak signals. The Oehlbach Scope Vision receives the necessary power via USB cable. It can therefore also be supplied with power directly from the TV. Those who prefer to use a power outlet can do so via the included power adapter.

Flexible set-up

The Oehlbach Scope Vision is very compact and also extremely flexible in terms of placement: Whether upright, horizontal or mounted on the wall with screws - you can place or mount the antenna directly where it receives the strongest signal. The extra-long antenna cable (connects to the receiver or TV) also offers maximum freedom with its 1.8 meters.
