

Cinch

HIGHEND CINCH PLUG

SILICON EVOLUTION

UP TO 11,0MM, 4 PIECES

MSRP (19%): 146.00

Excellently made and particularly innovative cinch plug with inside section made from silicone for assembling high-quality digital and analogue cinch cables. The plug's unique design guarantees perfect connections as well as an outstandingly precise fit and will thus ensure that signal transmissions will remain perfect for years to come. The 24-carat gold-plated full-metal plugs with solid screw terminals allow cables with larger cross-sections to be used and thus also match the quality of Oehlbach's highest quality cables where HPOCC copper has been used as the inner conductor.
