SPEAKER FLAT CABLE 2 X 2.5 MM², SILVER-PLATED

SILVER STREAM 25

MSRP (19%): 7.99 €

High-quality silver-plated flexible stereo loudspeaker cable for connecting amplifiers and power amplifiers to loudspeaker boxes – for amplifiers with an output of up to around 180 watts per amplifier channel. The silver plating on the oxygen-free copper means that this loudspeaker cable produces an extremely clear and true-to-nature sound – particularly in the treble range. This Oehlbach cable also possesses better conducting properties than conventional loudspeaker cables as a result of the wire it uses – which almost double the electrically conducting surface.

180 W

packaging size	205mm / 205mm / 200mm
Colour	Crystal clear
Weight (net)	81 g
Inner conductor material	SPC/OFC - silver-plated oxygen-free copper, ultra-thin single strands
cable geometry	Extremely flat
cable cross section	2 x 2.5 mm ²
power max.	For amplifier performances of up to 180 watts
Ladder construction	ultraflach, ultrafl.
cable length	100 m
Features	Stereo speaker cable
cable material	plastic, Robust plastic sheathing
