USB 3.0 CABLE, TYPE-A TO TY- PE-MICROB

USB MAX A/M

This high-quality high-speed USB 3.0 device cable connects USB 3.0 devices to computers and allows data to be transmitted at rates of up to 5 Gbit/s – ten times as fast as USB 2.0. Thanks to its backwards compatibility this cable is ideal for all commercially available USB-enabled PCs and Apple computers as well as USB peripherals. The cable's high-quality triple shielding, which consists of foil and braiding, eliminates electromagnetic and high-frequency interference. Additional notches in the plug and 24-carat gold-plated plug contacts always ensure the perfect transmission of signals through this four-star USB cable.
