

## NF AUDIO RCA CABLE XXL BLACK CONNECTION MASTER

1 PAIR OF AUDIO CABLES

Very exclusive analogue cinch cable for cabling high-quality home hi-fi and home-cinema systems. The inner conductor's revolutionary design ensures previously unheard of low intrinsic resistances with extremely high levels of purity. Even the monocrystalline transitions in the cast HPOCC are filled with pure silver during the „Silver Gap HPOCC“ production process. This produces an almost seamless structure in the conductor and creates the ideal electrical conditions for the transmission of signals. Full-metal silicone-pin screw plugs plated with 24-carat gold connect this valuable inner conductor practically resistance-free to any type of audio component in home hi-fi or home-cinema systems. The high technical requirements are also satisfied by the cable's exterior: The plugs' exteriors have been fitted with genuine leather and are really pleasant to handle.

2xCinch

SIGNAL DIRECTION

Connector material	High-quality fabric sheathing
content	2 pieces
Inner conductor material	HPOCC® – mono-crystalline oxygen-free copper inner conductor
cable geometry	Round
Shielding	Quadruple shielding
Shielding construction	2 x aluminium foil + 2 x copper braiding
Features	Reliable contact, 24kt gold plated contacts , Made in Germany, silicon-pin-technology, 30 years warranty
cable material	Robust plastic sheathing, fabric sheath

item no.	Length	Color	EAN	MSRP (19%)
13830	0.50 m	Black	4003635138304	359.00 €
